

# Horror Mother

(Teye, 1977)

- 1. You know and I know and they know,  
The mornin' ain't no time to let you go,  
Full-blown horrors and I'm glad  
The blood turns the sunrise red**

## **chorus:**

**But when I get back home little girl,  
You catch me in your crazy little swirl  
Don't wanna hurt you much less kill you  
You know there's better things to do oh yeah**

- 2. What's happening, this can't be true or real,  
Is it my imagination, will I ever heal?  
Is it a nightmare, or is it CGI?  
Sorry to break the news, it's actually real life**

(chorus)

- 3. I've learned my lesson, I just wanna leave  
You've made your point, you sick SOB  
You're hurting me, now please let me out,  
Just let me go, or I will scream and shout**

(chorus)
