

Snakes and Swallowtails

Sharks, 1973

I'm leavin' you ever wondring
You've hurt me all of my days
I'm tired of being your working girl
I'm tired of being your slave

All that you do was troubling me
And now I've had my fill
Take yourself to the Delta land
If snakes don't get you, swallowtails will
If snakes don't get you, swallowtails
Surely will

I'm travelling down to Rosedale
Hair down to my knees
Stuck myself upon the winter time
Hope that my soul don't freeze

You keep goin' about a union man
I will be smilin' still
Take yourself to the Delta land
If snakes don't get you, swallowtails will
If snakes don't get you, swallowtails
Surely will
