

PAGES OF MY IMAGINATION

Sittin' in the sun
Waiting for the fun
To come around again
It's a dream I cherish
Time and time again
Hangin' in the bar
Dropping your jaw
When something juicy walks on by
Not what I'm after, not what I'm lookin' for

Oh, why don't you come my way
Sweet lovin girl who'll ease my pain and never leave my side
Oh, why don't you come my way
Just step gently out of the pages of my imagination

Darling one, Sweetheart two
It never worked out right
Maybe it was my own fault, maybe I'm the one to blame
The times I said "Jump into my bed"
I didn't count them all
Not what I'm after, not what I'm lookin' for

Oh, why don't you come my way
Sweet lovin girl who'll ease my pain and never leave my side
Oh, why don't you come my way
Just step gently out of the pages of my imagination

(solo)

(scream) Sittin' in the sun
Waiting for the fun
To come around again
It's a dream I cherish
Time and time again
Hangin' in the bar
Dropping your jaw
When something juicy walks on by
Not what I'm after, not what I'm lookin' for

Oh, why don't you come my way
Sweet lovin girl who'll ease my pain and never leave my side
Oh, why don't you come my way
Just step gently out of the pages of my imagination
