

Nothin' but boots

(Teye)

(intro: alleen mandolien: G)

I've been travellin' on this trail for the past seven weeks by now
I've got to get a breather, don't ask me how
Now we both know that I'm here, with you today
But wherel'll be tomorrow, I just can't say

Chorus (drums come in with just hi-hat and kick drum: boom ching)

Nothin' but boots, a horse saddle, and a .44
Maybe a bottle of whiskey, but that's all
Nothin' but boots, a horse saddle, and a .44
There ain't no place for a gal on that horse o' mine

Mini-bridge (band comes in)

(like a riff) C D D G G

Well my saddle is a-chafin', I'm sore down to the bone

G D G

I'd really like to stay girl, but I'm movin' along

I sure need a little rest, but you know I can't stay

By shooting up the bad guys, law keeps me astray

(mini-bridge)

(mandolin solo, = verse + chorus + mini-bridge)

I'll be way gone by dawn, I know, you're gonna cry
But if I stay girl, we both know I will die
They're onto my trail now, I know they ain't far
So soothe me for a moment, then kiss me good-bye

Nothin' but boots, a horse saddle, and a .44

Maybe a bottle of whiskey, but that's all

Nothin' but boots, a horse saddle, and a .44

There ain't no place for a gal on that horse o' mine

Repeat chorus, stop on last D-chord. Slow ending
