

# **Roamin' Fever**

**Hey, I am free, You see me  
Hey, what can I say, I cannot stay**

**No way, I'm gonna stick around at home  
I'll travel down, this road alone  
Cause I know, there's a world out there  
Get up my feet and move**

**Hey, can I stay, at your place awhile  
Hey, can I eat, can I get some sleep?**

**I realize I'm down in paradise  
This voyage just tastes very nice  
Dans le boulevard La Boucry  
Watching those girls walk by**

**Hey, I'd like to stay, here permanently  
But I know, yes I know, that my drive is roam.**

**Thank you very much for everything  
I'd like to see you all next spring  
Gotta go, I have no time to stay on  
Kiss kiss flutter bye bye**

**Merci beaucoup pour tout, mes amis  
Je vous verre dans le printemps,  
Il n'y a pas du temps, je peux pas rester  
Je vous embrace, dis, au revoir**
