

THE OUI

1. Happiness, I've got to get back on my feet again

Loneliness, burning a hole in my brain

...Well I forced myself to move down south, move into the sun

...I fucked off out of town, road madness is one

(chorus) Didn't find it down here (*doo doo doo doo doo*)

Didn't find it down there (*doo doo doo doo doo*)

Didn't find it anywhere (*doo doo doo doo doo*)

Down in the South of France (*doo doo doo doo doo*)

2. Traffic Lights, shine red on the dashboard

Police lights, burn blue in my brain

...Well I was forced to move down south, move into the sun

...I fucked off out of town, road madness is fun

(chorus) Didn't find it down here (*doo doo doo doo doo*)

Didn't find it down there (*doo doo doo doo doo*)

Didn't find it anywhere (*doo doo doo doo doo*)

Down in the South of France (*doo doo doo doo doo*)

3. On the beach, a buffet is strolling by

In the bed, desperation setting in

...So I forced myself to move down south, move into the fun

...I fucked off out of town, road madness is one

(chorus) Didn't find it down here (*doo doo doo doo doo*)

Didn't find it down there (*doo doo doo doo doo*)

Didn't find it anywhere (*doo doo doo doo doo*)

Down in the South of France (*doo doo doo doo doo*)
