

# Angry Summer

(words & music Teye 1976 after London adventure in the summer of punk(!))

**1.** I said Hey! Ho! Mind your bollocks

I'm comin' over guitar in hand

I'm good, I'm loud, and I'm eager

And I'll blow your brains on demand

Understand

(chorus:) London's out of sight NO NO NO

Hungry is the night NO NO NO

London dreams are crazy, In an Angry Summer

**2.** Daily gear hunt on Denmark Street

I miss the Pistols by a hair

Band audition victory

Thank you Alf

(chorus)

**3.** Turn me up I need more volume

Put up with all my shit

I don't fit in you spike haired bastards

Gimme that

(chorus)
